

Sunnyslope County Water District

Summary of Rates & Fees

Sunnyslope County Water District is committed to providing the best quality service for the least possible cost. The District’s rate structure is designed to be sufficient to cover the cost of operations, maintenance, administration, emergency reserves, and capital improvement projects for the water and wastewater systems. As a public agency, the District does not make any profit.

Water Rates, Effective August 1, 2024, by Ordinance No. 82 approved Aug. 6, 2024

The District assesses a monthly service charge based on water meter size, plus a monthly consumption rate based on the amount of water consumed. Consumption is billed in full units of hundred cubic feet (HCF) where one HCF equals about 750 gallons. The monthly consumption rates for single-family residential customers use a progressive rate format where the cost per HCF increases as more water is consumed. Non-single-family rate has no tiers, so customers are charged one rate per HCF regardless of consumption. Fire Service Charge is based on service size applies only to dedicated fire services, usually only for commercial or institutional customers.

Base Charge

Meter Size	Base Charge	Fire Service Charge
5/8” – 3/4”	\$36.21	-
1”	\$36.21	\$8.73
1 ½”	\$65.91	\$11.24
2”	\$101.55	\$18.09
3”	\$214.43	\$68.61
4”	\$380.77	\$87.33
6”	\$778.80	\$130.98
8”	\$1,669.92	\$180.90

Consumption Charge

Single Family Residential Customers			
Tier 1	0-10 HCF	(0-7,500 gallons)	\$ 3.77 per HCF
Tier 2	11-20 HCF	(7,500-15,000 gallons)	\$ 5.78 per HCF
Tier 3	Over 20 HCF	(over 15,000 gallons)	\$ 6.99 per HCF
Non-Single Family Customers			
No Tiers – All water billed at same rate			\$5.09 per HCF

Monthly Water Charges for Single Family Residence with a 1” meter at varying consumption

HCF	Gallons	Bill Amount	Common Situation
2	1,500	\$43.75	Single person with efficient appliances & no landscape
6	4,500	\$58.83	3-person family with efficient appliances & no landscape
8	6,000	\$66.37	4-person family in winter with little landscape irrigation
10	7,500	\$73.91	Average Water Usage
15	11,250	\$102.81	Summer for a 6,000-sf lot with standard landscape
20	15,000	\$131.71	Summer for an 8,000-sf lot with healthy lawn & landscape
25	18,750	\$166.66	Summer for ¼ acre lot with healthy lawn & landscape or pool
30	22,500	\$201.61	Summer for large lot with significant lush lawn & landscape

Sunnyslope County Water District

Summary of Rates & Fees

Sewer Rates, Effective Beginning December 21, 2014:

The District currently charges residential sewer customers a monthly service charge plus a monthly volume charge based on the average amount of water consumed** for household purposes. Non-residential sewer customers are assessed a volume charge based on metered water usage. The sewer rates were approved by the Board of Directors on August 6, 2013, by Ordinance No. 74 and current rates took effect on December 21, 2014. The sewer rates were amended to put a cap on average winter water use in drought years by Ordinance No. 71, which took effect May 3, 2012.

<u>Customer Classification</u>	<u>Monthly Sewer Rates</u>
Single-Family Residential Dwelling (SFR)	\$ 95.93 plus \$ 5.64 per HCF **
Multiple-Family Residential Dwelling (MFR)	\$ 72.98 per unit, plus \$ 5.64 per HCF **
Cottages, Motels, Trailer Parks, Laundries, etc.	\$ 9.20 per HCF of metered water use
Commercial and Industrial	\$ 12.14 per HCF of metered water use

HCF – Hundreds of Cubic Feet (based on metered water usage)

** The consumption charge of \$5.64 per HCF for single- and multi-family dwellings is charged based on the average winter water usage for February and March and is updated each April. In drought years, as determined by the Board of Directors, customers whose average winter water usage increased by 4 or more HCF for February and March over the prior year, will have their increase capped at the prior year average plus 4 HCF.

Capacity Charges, Effective Beginning July 1, 2024

The water and sewer capacity charges (connection fees) were approved by the Board of Directors on August 6, 2013, by Ordinance No. 75. The current charges became effective July 1, 2024. The capacity charges are adjusted annually by reference to the Engineering News Record (ENR) index in accordance with District Code Section 3.40.030 and Section 4.30.020.

Water Capacity Charges ***

Meter Size	Water Meter Capacity Charge		Meter Installation Charge		Total New Meter Cost
1"	\$ 14,100	+	\$ 405	=	\$ 14,505
1 ½"	\$ 28,300	+	\$ 685	=	\$ 28,985
2"	\$ 45,250	+	\$ 880	=	\$ 46,130
3"	\$ 98,925	+	TBD	=	TBD
4"	\$ 178,100	+	TBD	=	TBD
6"	\$ 367,550	+	TBD	=	TBD
8"	\$ 678,475	+	TBD	=	TBD

“TBD” means “To Be Determined” and indicates that the Meter Installation Charge for large meters shall be determined at the time of the meter request. It shall be based upon the cost of the meter’s purchase, delivery, and an estimate of Sunnyslope’s labor cost for installation of the meter.
